ISCO Industries announces opening of Fitchburg sales and distribution facility

(LOUISVILLE) September 2007 – ISCO Industries, one of the nation’s largest distributors and manufacturers of polyethylene (HDPE) piping products, has announced the opening of a sales office and distribution facility in Fitchburg, MA.

The facility consists of offices, pipe, fittings and fusion equipment storage. This new facility is full service; offering pipe, fittings & accessories ranging from 2” up to 63”, a full line of McElroy fusion equipment for sale and rent and on-site field service technicians.

With this addition ISCO Industries continues to take an impressive expansion track having added facilities in Zanesville, OH last month, Stockton, CA, Dallas, TX, Emporia, VA, Mableton, GA, Johannesburg, MI and International locations in Crossfield, Canada and Australia within the past year.

“The Fitchburg facility allows us to further increase the service to our customers in the New England States and the surrounding areas,” said Mark Kirchdorfer, Vice President of ISCO Industries. “This location will complement our current facility in Hartford, CT, allowing us to service north of that facility. The use of HDPE pipe is growing at a rapid pace in this part of the country,” he said.

ISCO sales and technical representatives will be servicing the new facility, including Shelby Heritage, Regional Sales Manager. She can be reached by calling (860) 559-3143 or toll free at 1-800-345-ISCO (4726). The address of the new facility is 49 Cobbler Drive, Fitchburg, Massachusetts 01420.

ISCO Industries, headquartered in Louisville, Kentucky, stocks and sells HDPE pipe, fittings and fabrications for various industrial, municipal, environmental, golf and landfill applications throughout the United States and Canada. The company also rents, services and sells fusion equipment. Along with the addition of Fitchburg, MA, ISCO has stocking locations in the states of Maryland, Colorado, Connecticut, Washington, Michigan, Alabama, Florida, Kentucky, South Carolina, Oklahoma, Texas, Wisconsin, Utah, Arizona, Nebraska, Illinois, California, Virginia, Ohio, Georgia and Alberta, Canada – inventorying large stockpiles of pipe, usually within one day’s delivery of most projects.
